2

### Sea of Galilee

<https://youtu.be/WDjByd8bLRQ>

3

### Yardenit

<https://youtu.be/CztuDBfkDno>

4

### Alumot Dam

<https://youtu.be/VlvU3m57-Jc>

5

### Naharayim

<https://youtu.be/4Q40R0xEfFI>

6

### Gesher

<https://youtu.be/UHUi5uQyzJU>

### Post-Tour Feedback Form for Students

<https://forms.gle/I32UaMEoxuV35ZbHA>

Use the password **Teachers1** to access this resource. Students should fill out this form after finishing the virtual tour.

## 7 *Extra Materials:*

### **EcoPeace Good Water Neighbors Project**

[https://youtu.be/BiGOpeOH\\_V8](https://youtu.be/BiGOpeOH_V8)

*Overview of the Good Water Neighbors project established by EcoPeace in 2001 to raise awareness of the shared water problems of Palestinians, Jordanians, and Israelis.*

### **Johnston Interview**

<https://youtu.be/CC5Xo7VqmEO>

*Interview with Eric Johnston, US diplomat who worked to negotiate the Jordan Valley Unified Water Plan.*

### **The Sea of Galilee 2018 vs. 2020**

<https://youtu.be/XW8fErvAmnE>

*Footage of the Sea of Galilee in 2018 and 2020, showing the stark difference in water levels and ecological vibrancy.*

### **Ashkelon Desalination Plant**

<https://youtu.be/OTf7wMcCGWU>

*Ashkelon Desalination Plant visitor center movie. While there is not yet a desalination plant in northern Israel, this is an example of a successful plant in southern Israel.*

### **Mekorot Water Solutions**

<https://www.mekorot.co.il/Eng/newsite/Solutions/Pages/HomePage.aspx>

*A resource from one of the leading water companies in the world with descriptions of various water solutions, including desalination, wastewater treatment, and stormwater catchment.*

### **Israel Water Authority Water Purification**

<https://youtu.be/QfBA4x8P8QQ>

*A short video explaining the steps taken to purify water in Israel. The Shafdan Wastewater Treatment Plant provides a leading example of wastewater treatment technology.*

### **Israel Water Authority Sea of Galilee**

<https://youtu.be/kUJ4zm8vpzg>

*A short video from the Israel Water Authority explaining the situation of the Sea of Galilee and steps being taken to prevent its depletion.*

### **Israel Water Authority Desalination**

<https://youtu.be/Qm0qniM1ak8>

*A short video from the Israel Water Authority explaining Israel's use of desalination to ensure sustainable water supply.*

*For more teacher resources, go to [www.waterdiplomacy.net/teachers](http://www.waterdiplomacy.net/teachers) and use the password **Teachers1**.*
